Professional Liability Insurance for Architects & Engineers

For architects and engineers, the risk of mishap during a project looms from the drawing board to the ribbon cutting ceremony—and well beyond.

The Problem

Securing high quality professional liability insurance tailored to the needs of architects and engineers.

The Risk

Expensive and time-depleting lawsuits arising from alleged acts, errors or omissions committed by architects or engineers in their work.

The Solution

Designed ProtectionSM

Standard practice professional liability insurance for architects and engineers offered through Shand Morahan & Co., Inc.

Shand Morahan has revamped its Architects & Engineers Professional Liability coverage to bring you “Designed ProtectionSM.” Featuring a new, state-of-the-art policy form and application, Designed Protection offers architectural design and engineering professionals access to one of the highest quality A&E coverage programs on the market.
